ASBESTOS SURVEY SERVICES

The Northwest Clean Air Agency (NWCAA) has compiled a separate list of asbestos inspectors who currently perform "good faith surveys" of buildings for asbestos-containing materials. This list is not complete, as it is voluntary. Therefore, omission from this list does not imply any disapproval by the Agency. This is only intended as an aid in identifying local asbestos inspectors and does not constitute endorsement of services by the Agency. All buildings that are going to be demolished must first be inspected by a certified AHERA Building Inspector prior to demolition activities.

Additional asbestos inspectors may be added to this list by submitting a request and your AHERA certification to michelea@nwcleanairwa.gov.

NWCAA must be notified of all structure demolitions great than 120 square feet via forms available from our office or webpage: <https://nwcleanairwa.gov/permits-and-services/asbestos-and-demolition/>
