

PUBLIC NOTICE

NORTHWEST CLEAN AIR AGENCY

DRAFT RENEWAL TO AIR OPERATING PERMIT

NOTICE IS HEREBY given that the Northwest Clean Air Agency (NWCAA) will take action on and seeks comments on a draft renewal to the Air Operating Permit (AOP) for the following facility:

**Phillips 66 Company, Ferndale Refinery
3901 Unick Road, Ferndale, WA 98248**

The AOP compiles existing air quality requirements and permits into one comprehensive document and establishes monitoring, recordkeeping and reporting procedures to assure compliance. The AOP does not, in itself, approve any emission increases or decreases.

The proposed draft renewal is to the existing Ferndale Refinery AOP issued January 1, 2011. This renewal incorporates newly applicable federal regulations, new construction permits, corrects typos, and clarifies AOP monitoring requirements.

Phillips 66 Company owns and operates the Ferndale Refinery in Whatcom County, WA. The petroleum refinery consists of processing units, storage tanks and vessels, wastewater treating, and shipping and receiving facilities. The Ferndale Refinery is required to have an AOP because the refinery has the potential to emit more than 100 tons per year of particulate matter, nitrogen oxides, sulfur dioxide, volatile organic compounds and carbon monoxide. These air pollutants are defined as regulated air pollutants in Chapter 173-401 of the Washington Administrative Code (WAC).

Copies of the draft AOP and supporting documents are available online for review at http://nwcleanairwa.gov/the-latest/#public_notices. Written comments relating to the issuance of this AOP renewal must be sent by November 10, 2017. Submit comments to:

Daniel Mahar, P.E.
Northwest Clean Air Agency
1600 South Second Street
Mount Vernon, WA 98273
Or Email: danm@nwcleanairwa.gov

Please contact Daniel Mahar at 360-428-1617 x 203 with any questions.

The NWCAA is publishing this Notice pursuant to the Washington State Clean Air Act (RCW 70.94). The AOP is issued pursuant to Chapter 173-401 WAC and Title V of the Federal Clean Air Act Amendments of 1990.
