NORTHWEST CLEAN AIR AGENCY

DRAFT AIR OPERATING PERMIT

NOTICE IS HEREBY given that the Northwest Clean Air Agency (NWCAA) will take action on and seeks comments on a draft Air Operating Permit (AOP) renewal for the following facility:

**Naval Air Station Whidbey Island
3730 North Charles Porter Avenue
Oak Harbor, WA 98278-5101**

Naval Air Station Whidbey Island (NASWI) is an active navy base supporting aircraft maintenance and flight operations. Stationary air pollution emission units and activities included in the AOP are boilers and heaters; cleaning and painting operations; gasoline dispensing facilities; and internal combustion engines.

The AOP compiles existing air quality requirements and permits into a single comprehensive document and establishes monitoring, recordkeeping and reporting procedures to assure compliance. The AOP does not approve emission increases or require emission decreases. The AOP must be renewed every 5 years. This action is a renewal of the existing AOP. For more information see <http://nwcleanairwa.gov/permits-and-services/major-sources-of-air-pollution/>.

Copies of the draft AOP and supporting documents are available from the NWCAA offices, or online at www.nwcleanairwa.gov under "Public Notices." Written comments relating to the issuance of this AOP must be sent within 30 days of this notice to:
